

Dear Esteemed Delegates of the Asia Messianic Conference,

We understand that a few of you are concerned about the ongoing turmoil in Israel, and we wish to address them with reassurance and conviction. The conference is indeed confirmed as scheduled, and the Israeli speakers are eagerly looking forward to sharing their Biblical insights with you.

In this crucial moment in history, we encourage you to stand with the nation of Israel and the Jewish people, knowing that God blesses those who bless Israel (Genesis 12:3). Let nothing deter you from attending this gathering, as we believe it holds immense significance in blessing our nation of India and its people groups. Our theme of becoming "Watchmen On the Walls of Jerusalem" is one of watching and security, and this is the time our Jewish brothers and sisters need us more than any other time.

This conference offers a unique opportunity to come together as One New Man (Eph 2:15) as believers from India, forging stronger connections and enjoying the edifying fellowship of like-minded individuals. By being present, you play a pivotal role in bringing glory to God, as we jointly seek His face and guidance in these challenging times for Israel and India.

Rest assured, the event will proceed as planned, and we are excited to welcome you with open arms. Let us, together, make this conference a testament to our unwavering commitment to stand with Israel and to glorify God. We look forward to a remarkable time of learning, worship, and fellowship.

Blessings and Shalom,

Organising Leadership
Asia Messianic Conference, Goa
Chosen People Ministries India.
